

Youth Work Experience – Spring Semester 2018
Children’s Programs - Junior Biologists Club Educator
Deadline to apply is February 19th, 2018.

Role summary:

- As a work experience student, you will assist with the programming and delivery of our Junior Biologists Club, where 7-12 year old children come to explore the animals, science, and research that happens behind-the-scenes at the Vancouver Aquarium and in ocean science research. Help inspire future biologists on topics such as:
 - Water cycle
 - Tidal changes and intertidal creatures
 - Penguins
- Express your creativity through our brainstorming sessions and contribute your great ideas to our current and future programming!

Desired skills and experience:

- High school students ages 14- 18;
- Able to communicate effectively;
- Previous experience supervising children;
- Basic understanding of marine sciences is preferred, but not required;
- Willingness to learn and share ideas in an inclusive environment;
- Ability to be confident and work independently, leading and facilitating activities with small groups of children.

Commitment:

- April 07, 14, 21, May 5, 12, 19, June 2, 9, 16.

Work environment:

- Classrooms & Aquarium indoor & outdoor galleries.

Shifts available:

- First two Saturdays each month, 9:00am – 12:30pm
- Third Saturday each month, 9:00am – 2:30pm.
- No shift on the fourth Saturday each month.

Mandatory Training:

- Core training = Sunday March 11th, 10:00am – 4:00pm
- Specific Training = Sunday March 17th, 9:00am – 2:30pm

To apply:

- To apply, please visit our website at <http://www.vanagua.org/join/hands-on/work-experience/opportunities-available> and follow the instructions on the webpage.
- All interested students **must attend the group interview on Sunday February 25th, 2018**. Time will be confirmed with students by February 22nd, 2018.
